### Soliloquy for Supervisors \*

(With apologies to Hamlet and Shakespeare.)

..... To train or not to train,  
That is no problem. Surely 'tis wiser in a Chief  
To spot well in advance his training needs,  
And by a prudent plan fulfill them.  
The slings and arrows of outrageous fortune  
Fall not by chance alone: they land the most  
Upon the heads of those who close their eyes  
And say, "We have no time to train—  
We have too much to do!" "Too much to do,"—  
Aye, there's the rub, for while the poor souls struggle hard  
To do their daily work, they fall behind,  
Their errors mount, their frantic efforts fail,  
And soon they are immersed up to their ears,  
Within a very sea of woe.

Language and Area School/OTR, has just published the Czech Newspaper Reader, unclassified. For use in intermediate and advanced classes, it consists of a compilation of articles, printed items, and cartoons from current Czech newspapers and journals, representing the fields of sociology, economics, politics, sciences, sports, the arts and other items of intelligence interest.

Produced by photo offset process, it contains 70 pages, and is styled in the popular "pocket book" size; type is "blown-up" to about twice original newspaper size.

The Czech Newspaper Reader is the second of a series being produced by the Eastern Studies Staff/LAS to remedy the lack of commercial texts with "area" type materials and readings of special interest to intelligence personnel. There are in preparation Slovak and Polish newspaper readers. Eventually, Hungarian, Bulgarian, Serbo-Croatian and Albanian readers will be produced.

IAC AGENCY GUESTS TO BE HOSTED BI-MONTHLY BY OFFICE OF TRAINING AT INTELLIGENCE PRODUCTS EXHIBIT

On 8 November, some 50 members of other IAC Agencies will attend the regularly scheduled showing of the Intelligence Products Exhibit in the R & S Building.

This is a part of a new program for broadening the usefulness of the exhibit. Every two months IAC personnel will be invited to attend so that they may become increasingly familiar with CIA activities.

Invitations are extended to members of other agencies by the components of CIA which deal most closely with them. The coordination of the invitations, including the setting up of quotas, the requesting of security clearances for visitors invited by the non-OTR CIA components, and arrangements for transportation to and from the R&S Building, are handled by the staff of Intelligence Orientation/OTR, extension [REDACTED]

HANDLING QUANTITATIVE DATA  
COURSE DEVELOPED FOR ORR ANALYSTS

At the request of the Office of Research and Reports, the Office of Training has initiated a course for ORR analysts: Handling Quantitative Data. The course covers most of the fundamentals of statistics needed in the solution of day-to-day problems faced by Economic Area personnel. Because of this need for specialized training, current overt data are being used to supplement a statistics text and laboratory workbook, and as the course progresses most of the instructional materials will be ORR research data.

25X1A

Principal instructor is William C. [REDACTED] Deputy Chief, Language and Area School/OTR. From time to time, key officials of ORR will participate in the program.

The course began in "M" Building with 21 students on 9 October and will continue for 30 sessions of 1½ hours, meeting twice weekly.

Requests from components interested in such special presentations should be directed to the Chief, Language and Area School/OTR, extension [REDACTED]

SPECIAL LECTURE SERIES:  
IN THE MAJOR LANGUAGES OF THE WORLD

All CIA personnel interested in improving their language proficiency and area knowledge are invited to attend a series of foreign language lectures (see Lecture Schedule below) presented Wednesdays at 1530 hours, in room 1016, ~~Recreation and Service Building.~~ Information regarding the series may be obtained by calling [REDACTED]. You will, of course, obtain authorization from your supervisor prior to attendance at any one of the lectures.

25X1A

Recognizing the need for increased knowledge in the language and area fields, the Office of Training is offering this series of lectures to be given in the major languages of the world by CIA personnel. Topics of particular interest, both to analysts and personnel in operations, have been selected. The purpose is twofold: To advance your knowledge of foreign languages; to increase your insight into the understanding of foreign peoples — their patterns of thought and behavior.

A special feature of the program is the amount of attention devoted to the theme "Understanding and Dealing With Foreign Peoples." Individual lecturers will speak on how to understand and deal with the Russians, the Japanese, the Latin Americans, etc. In this way, much of the "know-how" gained by our personnel through years of experience will be transmitted to you. As a result, it is hoped that in your contacts with the different nationalities, both here and abroad, you will be able to establish more effective rapport and attain better results.

Summaries of the lectures, in English, will be provided in the "Understanding and Dealing With Foreign People" talks, and also in a few other instances. The lecture in Arabic, due to the very limited number of Agency personnel able to understand this language, will be given in English with a brief summary following in Arabic.

~~SECRET~~  
SELECTION OF AGENCY CANDIDATES TO ATTEND  
SENIOR DEFENSE COLLEGES AND OTHER QUOTA SCHOOLS

(By Chief, Plans and Policy Staff,  
Office of Training, Extension [redacted])

25X1A

The CIA Career Council has recently modified the procedures for the selection of Agency representatives to attend the senior colleges and schools of the Department of Defense and the Advanced Management Course at Harvard University. The revised procedures are being employed this fall for the first time in making nominations to the Director of Central Intelligence of candidates for the next year's sessions. Devised to insure that the best qualified persons are selected as representatives of the Director of Central Intelligence, the new procedures require that Heads of the Career Services review the qualifications of all eligible Career Staff members under their jurisdiction before recommending candidates. Previously, only those individuals who applied were considered for the courses. Now, individuals may apply for consideration as candidates, but they will be in competition with those who are identified by Career Boards as eligible.

SELECTION PROCEDURES

The eligibility of Career Staff employees will be reviewed annually by Career Service Boards. Heads of Career Services will recommend to the Deputy Director concerned those Career Staff employees who are eligible for any one of the instructional programs. The recommendations of Heads of Career Services may or may not include those individuals who have applied to their Career Service Boards. Each Deputy Director will recommend to the CIA Career Council (prior to December of each year) two candidates for each position allocated to the Agency by each school. Principal and alternate candidates for each of the student positions will be recommended to the Director of Central Intelligence by the CIA Career Council in December. The Director of Central Intelligence will make his nominations to the schools from this group.

ELIGIBILITY REQUIREMENTS

Only members of the CIA Career Staff will be considered for selection to attend these schools. Career Staff members who apply or are nominated must be qualified to meet the entrance requirements of the institution involved and be judged capable of achieving the objectives of the training program. Further, attendance by the persons selected in these programs of instruction must be shown to benefit the Agency in their current assignments or assignments proposed for them by their Career Service Boards on completion of the instruction. Qualifications required by the schools and colleges are detailed in the OTR Catalog.

S-E-C-R-E-T

Individual applications for these courses are made to Career Service Boards on Form 136, or as required by the individual's Career Service Board. All nominations to the CIA Career Council are forwarded in memorandum form.

#### COURSES AND SCHOOLS

The CIA Career Council determines the external courses or schools whose nominees are to be selected by these procedures. Presently the senior schools and colleges of the Department of Defense and other top level civilian programs have been designated. This is the list of schools and courses with the Agency quotas and usual dates of the course:

SCHOOL	QUOTA	APPLICATION DATE	CONVENES	COURSE DATE
NATIONAL WAR COLLEGE	2	April	August	June
INDUSTRIAL COLLEGE OF THE ARMED FORCES	1	April	August	June
ARMED FORCES STAFF COLLEGE*	1	December	February	June
	1	May	August	Jan.
ARMY WAR COLLEGE	2	February	August	June
NAVAL WAR COLLEGE	1	February	August	June
ADVANCED MANAGEMENT COURSE*	1	November	February	May
Harvard University, Graduate School of Business Administration	1	June	September	Dec.

\* Agency candidates for both sessions are named in December.

#### SCHOOL ENROLLMENTS

The Director of Training is responsible administratively for employees while they are attending these schools, and for their enrollments. In collaboration with him and the Director of Security, the Deputy Directors for Intelligence, Plans and Support each instruct Agency representatives chosen for these schools on the nature and extent of information about the Agency which may be discussed with the faculty and student body at each school.

S-E-C-R-E-T

SUMMARY

New procedures for the nomination of Agency candidates to top level military and civilian schools insure the consideration of all Career Staff members who are qualified and the selection of the best qualified candidates in the interests of the Agency as a whole.

25X1A      CIA Regulation [REDACTED] outline procedures different than those discussed in this article for the selection of these candidates. The regulation and notice will be rescinded in a short time. Agency Training Officers should retain this article, referring also to the procedures established by their Career Service Boards and special memoranda from the Director of Training when candidates are to be selected for these external courses of instruction.

The Foreign Language Proficiency Tests are for those persons who already have some knowledge of a given language, and are designed to test how well a person reads, writes, and speaks that language. Individuals applying for intermediate or advanced study of a language may be required by the Office of Training to take the proficiency test in that language in order to determine just what further training will be most rewarding. The written part of the test (covering reading and writing) requires about 3 - 4 hours and is given in the morning. The oral part requires about 15 minutes for each person and is given in the afternoon. Individuals may elect, or be required to take tests in reading, writing, or speaking, or any combination of these capabilities. All tests are administered on Wednesday. The test schedule for the first six months of 1957 follows. Call extension [redacted] at least one week prior to the date of a test, to arrange an appointment. →
